

Main Course (160 hours)

Class 01 - Intro to Javascript

Class 02 - Javascript Fundamentals (Part 01)

Class 03 - Javascript Fundamentals (Part 02)

Class 04 - Javascript Fundamentals (Part 03)

Class 05 - HTML & CSS Refresher

Class 06 - Intro to DOM and Javascript Events

Class 07 - Project 01 (Build a Todo App)

Class 08 - Intro to Version Control, Git & Github

Class 09 - Deep Dive into Functions & Functional Programming

Class 10 - Project 02 (Part 01)

Class 11 - Project 02 (Part 02)

Class 12 - Intro to Object-Oriented Programming

Class 13 - Object-Oriented Programming in Javascript

Class 14 - Project 03 (Part 01)

Class 15 - Project 03 (Part 02)

Class 16 - Project 03 (Part 03)

Class 17 - Functional Programming in Javascript

Class 18 - Functional Vs. Object-Oriented Programming

Class 19 - Asynchronous Javascript (Promises & Callbacks)

Class 20 - Understanding API, Async & Await

Class 21 - Project 04 (Part 01)

Class 22 - Project 04 (Part 02)

Class 23 - Modern JS Development: Modules, NPM, Babel, Webpack

Class 24 - Project 05 (Build a WebPlayer like Spotify)

Class 25 - Project 05 (Build a WebPlayer like Spotify)

Class 26 - Project 05 (Build a WebPlayer like Spotify)

Class 27 - Intro to Firebase

Class 28 - Project 06 (Part 01)

Class 29 - Project 06 (Part 02)

Class 30 - Intro to React & How React Works

Class 31 - React Core Concepts (Part 01)

Class 32 - React Core Concepts (Part 02)

Class 33 - Project 07 (Part 01)

Class 34 - Project 07 (Part 02)

Class 35 - Styling React Components & Elements

Class 36 - Diving Deeper into React Components

Class 37 - React Hooks

Class 38 - Advance React Hooks

Class 39 - Project 08 (Part 01)

Class 40 - Project 08 (Part 02)

Class 41 - Project 08 (Part 03)

Class 43 - React Routing, State Management, React Devtool

Class 44 - Async & Redux

Class 45 - Project 09 (Part 01)

Class 46 - Project 09 (Part 02)

Class 47 - Project 09 (Part 03)

Class 48 - More on Firebase

Class 49 - Firebase Authentication

Class 50 - Project 09 (Build Instagram Clone Part 01)

Class 51 - Project 09 (Build Instagram Clone Part 02)

Class 52 - Project 09 (Build Instagram Clone Part 03)

Class 53 - Project 09 (Build Instagram Clone Part 04)

Class 54 - Project 09 (Build Instagram Clone Part 05)

Class 55 - Project 09 (Build Instagram Clone Part 06)

Class 56 - Testing & Debugging React App

Class 57 - Securing a React Applications

Class 58 - Intro to Node JS

Class 59 - Express with Node JS

Class 60 - API

Class 61 - More on API

Class 62 - Project 10 (Part 01)

Class 63 - Project 10 (Part 02)

Class 64 - Project 10 (Part 03)

Class 65 - Intro to Database

Class 66 - MongoDB

Class 67 - Mongoose

Class 68 - Getting Ready for Final Project

Class 69 - Project 11 (Complete Ecommerce Project using MERN stack)

Class 70 - Project 11 (Part 02)

Class 71 - Project 11 (Part 03)

Class 72 - Project 11 (Part 04)

Class 73 - Project 11 (Part 05)

Class 74 - Project 11 (Part 06)

Class 75 - Authentication and Security

Class 76 - Revision of Entire Project

Class 77 - Getting Ready for Job

Class 78 - Preparing for Interviews

Class 79 - Frontend Interview Questions (Javascript, React)

Class 80 - Non-technical Interviews, Offer, Negotiation

TOTAL COURSE Duration - 160 HOURS
